Re: Soldier Summit Preliminary
Report - Final Payment

Gentlemen:

Enclosed per your telephone request is a copy of the preliminary engineering report entitled "Water Report for Town of Soldier Summit" dated November, 1974, which describes the present culinary system and the needs for improvement in order to up-date the water system; and thereby, meeting the Utah State Department of Health requirements. With the proposed improvements, the Town of Soldier Summit can then obtain an approved rating from the State Board of Health, thereby allowing construction of new homes and businesses in the town. The copy of the report is submitted to your office as fulfillment of the contractual agreement between our firm and the Town of Soldier Summit.

We trust that the copy of the report will fulfill the necessary paper work in order to facilitate payment for the work completed.

Yours truly,

TEMPLETON, LINKE AND ASSOCIATES

Harold A. Linke
